Professional Summary

Product-focused Web Developer with a strong foundation in full-stack development and a background in Visual Design. Currently interning at Prodeff AB, building scalable, user-centric applications from concept to production using Next.js, TypeScript and Supabase. Proven ability to translate complex business needs into performant solutions with a focus on clean architecture, automated candidate matching systems, and intuitive UI/UX. Multilingual (Thai, English, Swedish) and a collaborative team player.

Work Experience

Web Developer Intern | Prodeff AB (October 2025 – Present)

Tech Stack: Next.js, TypeScript, Tailwind CSS, Supabase, PostgreSQL.

- Automation & Logic: Developing an Automated Candidate Matching System that parses requirements and ranks candidates using custom logic, including automated email notification workflows.
- System Architecture: Built a centralized Admin Panel with Role-Based Access Control (RBAC) to manage multi-tenant data, users and security tags.
- User-Centric Solutions: Designed and implemented a Tenant Support System and a real-time Meeting Room Booking System with an interactive calendar, directly improving operational efficiency.
- Full-Stack Delivery: Created a modern, dynamic Menu Management Platform for the restaurant industry, enabling real-time updates and customization.
- Stakeholder Collaboration: Work closely with business stakeholders to translate functional requirements into maintainable and high-performance code.

Web Developer Intern | ThaiWISE Organization, Sweden (Apr - May 2025)

Tools used: WordPress, Microsoft 365, Canva, Slack

- Redesigned and optimized the ThaiWISE website using WordPress and Elementor Pro with a primary focus on enhancing User Experience (UX) and visual identity.
- Developed a digital platform that integrated custom database structures with high-quality visual assets designed in Canva, bridging technical functionality with design.
- Collaborated cross-functionally with the ThaiWISE team to ensure all digital solutions aligned with organizational goals and stakeholder vision.
